1. Ship from one (1) location to 1 location.
2. Ship from one (1) location to multiple locations.
3. Ship from Multiple locations to one (1) location.
4. Ship from Multiple locations to multiple locations.

Sell one product from multiple ship from addresses - Our program finds the closest product with the cheapest freight

Customer specific pricing with customer specific freight options.

Address correction – if you don't have the right address – all the carriers will charge you an extra fee...

### Parcel & LTL Shipping Management

LTL – Freightquote, Fedex Freight, Con-way-, Bax Global, Yellow, USF,ABF

**Larger orders for products that normally ship via Parcel**

LTL – Larger Freight Items

LTL – Pallet Sized Orders

LTL – Partial Loads

TL – Full Loads Of Mixed Products

### Freight Capabilities

- Each vendor can sell different products and use many different shipping methods
- If a manufacturer has 4 locations and each location has a different set of products and some products are the same among all the branches and some are unique

Logistica Solutions Inc - 3855 E La Palma Ave - Suite 104 - Anaheim, Ca 92870 - 714-238-3209 - 877-314-1618

<http://www.ecomstor.com> - <http://www.integrazon.com> - <http://www.interpristor.com> - <http://www.interpriseo.com>

- Customer chooses a product sold at 4 different locations... our program will determine which manufacturing facility has the product at the least amount of freight
- Customer buys 3 products... and all come from different manufacturing locations – the customer will get 3 invoices with freight based on 3 different locations

Each major customer can have their own freight company...

Choice of vendor supplied freight or buyer arranges his own freight

**If the dimensional weight of a group of products is over 150.. then a automatic lookup is enabled that will give both a parcel price and an LTL price.**
